ONE 5 BASEBALL TWO 4

OBJECT
Grab It! Guess It! Pass It!
Be the first team to reach 7 points. To gain points, make sure someone from your team isn't caught holding the Catch Phrase game unit when the timer runs out.
Loosen the screw on the battery compartment, located on the back of the game unit, and remove the door. Insert 3 "AAA" size batteries (we recommend alkaline), making sure to match the "+" and "-" symbols with the markings in the plastic. Then replace the door, tighten the screw, and push in RESET.
CAUTION:
1. As with all small batteries, the batteries used with this product should be kept away from small children who still put things in their mouths. If they are swallowed, promptly see a doctor and have the doctor call the poison control center (202) 625-3333. If you reside outside the United States, have the doctor call your local poison control center. 2. Always follow the instructions carefully. Use only the batteries specified and be sure to insert item correctly by matching the + and - polarity markings. 3. Do not mix old batteries and new batteries or standard (carbon-zinc) with alkaline batteries. 4. Remove exhausted or dead batteries from the product. 5. Remove batteries if product is not to be played with for a long time. 6. Do not short-circuit the supply terminals. 7. Should this product cause, or be affected by, local electrical interference, move it away from other electrical equipment. Reset (switching off and back on again or removing and re-inserting batteries) if necessary. 8. RECHARGEABLE BATTERIES: Do not mix these with any other types of batteries. Always remove from the product before recharging. Recharge batteries under adult supervision. DO NOT RECHARGE OTHER TYPES OF BATTERIES.

LET'S GET STARTED
Choosing Teams
1. Have everyone divide up into two teams. It's best to alternate players in a circle so each player is next to a member of the other team. Each player needs to be able to pass the Catch Phrase game unit to a member of the other team as quickly as possible.
2. Pick a team to start (that will be Team 1) and a player on that team to go first. Give the Catch Phrase game unit to that player.
TO START A NEW GAME
1. Wake the game by pressing the Start/Stop button.
2. Check the display area to make sure the team scores are both set at 0.
   If they are not, press and hold both the Team 1 Score and Team 2 Score
   buttons at the same time to clear the scores.
3. Choose a category by pressing the Category button repeatedly to scroll
   through the various options. You can select from any of the following 7
   categories:
   Entertainment   Sci-Tech
   Food             The World
   Places           Everything
   Sports & Games   

The default category (and the word displayed on screen when the game is
awakened) is “Everything”, which includes, well, everything!

PLAYING A ROUND
Each game consists of several rounds of play. To begin a round, press the
Start/Stop button to start the timer. A word from the chosen category will
appear on the screen. You can press the Next button to show the new word.
Now you need to get your team to guess that word by giving them clues.
Here’s how.
   • You can make any physical gesture and give almost any verbal clue to
     get your team to say the word. But you CANNOT:
   • Say a word that RHYMES with the word;
   • Give the FIRST LETTER of the word;
   • SAY A PART OF THE WORD in the clue (i.e. “shoe" for “shoe horn”).

If the other team catches you committing any of these no-no’s you
must press the Stop/Start button to shut the timer off. The other team
automatically gets one point for that round. (See “How to Score Points.”)

As soon as your team has guessed the word, hand the game unit to a
member of the other team. Play continues with the new team pressing
the Next button to reveal the next word. The round ends when the buzzer
sounds and the timer runs out.
SCORING

How to Score Points
When the buzzer sounds, time is up. The team NOT holding the game unit gets 1 point. That team also has one turn to guess the word that the losing team did not get. If they guess correctly, they get 1 BONUS point (scoring a total of 2 points for the round).

How to Enter Points
You must wait until the timer has run out, or is stopped, before you can enter points. The losing team (the team left holding the game unit when the round ended) awards 1 point to the winning team by pressing either the Team 1 Score or Team 2 Score button once. If the winning team guesses the word, they score the BONUS point by pressing the Team 1 Score or Team 2 Score button one more time.
Note: If you accidentally enter more points than you should have, press and hold both the Team 1 Score and Team 2 Score buttons to clear the score, and following the scoring procedure, re-enter the correct scores. You can then resume the game where you left off.

STARTING A NEW ROUND
After you have scored the points for the round just played, the team holding the Catch Phrase game unit begins the next round by pressing the button.

WINNING
The first team to reach 7 points wins. The game will play a snappy little tune and display the winning team when the final point is assigned!

If you want to continue to play, press and hold the Start/Stop button and the scores will reset to 0.
OTHER THINGS TO KNOW
1. The scores are displayed on screen at all times.
2. To clear the team scores when the timer is not running press and hold both the Team 1 Score and Team 2 Score buttons at the same time until the scores erase.
3. The game will go to sleep after 5 minutes of not being used. To wake the game up, just press Start/Stop. This will show the current word.
4. The category can only be changed when the Timer is NOT running. This is to ensure that the word on screen during game play is from the category the players intended to play.

TROUBLESHOOTING
If the timer does not start when the Start/Stop button is pressed, press the Reset button to reset the game. If this does not solve the problem, then replace the batteries.

If the Category selection button does not appear to function, check to ensure the game timer is not counting down. Once a game begins, a new category can not be chosen.

If the Team Score buttons do not appear to function, check to ensure the game timer is not counting down. Once a game begins, a new category can not be chosen.

MAINTENANCE
• Handle the game carefully,
• Store the game away from dusty or dirty areas.
• Keep the game away from moisture or temperature extremes.
• Do not disassemble the game. If a problem occurs, remove and replace the batteries to reset the computer, or push in the RESET button.
FCC Statement
This equipment has been tested and found to comply with the limits for a
Class B digital device, pursuant to part 15 of the FCC Rules. These limits are
designed to provide reasonable protection against harmful interference in
a residential installation. This equipment generates, uses, and can radiate
radio frequency energy, and, if not installed and used in accordance with
the instructions, may cause harmful interference to radio communications.
However, there is no guarantee that interference will not occur in a particu-
lar installation. If this equipment does cause harmful interference to radio
or television reception, which can be determined by turning the equipment off
and on, the user is encouraged to try to correct the interference by one or
more of the following measures:
• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.

CAUTION: Changes or modifications not expressly approved by the party
responsible for compliance could void the user's authority to operate
the equipment.

This Class B digital apparatus complies with Canadian ICES-003. Cet appareil
numérique de la classe B est conforme à la norme NMB-003 du Canada.
