### Angie Beckel

JCC High School Integrationist, Angela Beckel - Looking back I can't believe I've been working with History Day for thirteen years. My experience with this program started in college and has grown into continued success through the past few years when we've taken students to the National competition five of the last six years, but we've seen a lot of growth in our student's abilities and maturity. The opportunities the History Day model provides has changed our lives. Yes, I say "our" lives. The amazing people we've met, the historical experiences we've had, and personal growth is unprecedented we've had, and personal growth is unprecedented.

### Meredith Vaselaar

Meredith has been a librarian for over 30 years, and is the branch librarian at the Adrian Public Library in southwest Minnesota. She has served as a Director of organizations in the arts, history, and humanities fields. Vaselaar has twenty-five years of experience with fundraising, grant writing, and project coordination. She has also served as a member on grant panels on the local, regional, and state levels. Over the years she has found that asking for donations and funding has been a lot less painful than she thought it would be, so why not share that experience and knowledge with others?
