

Gnome Ornaments

Materials:

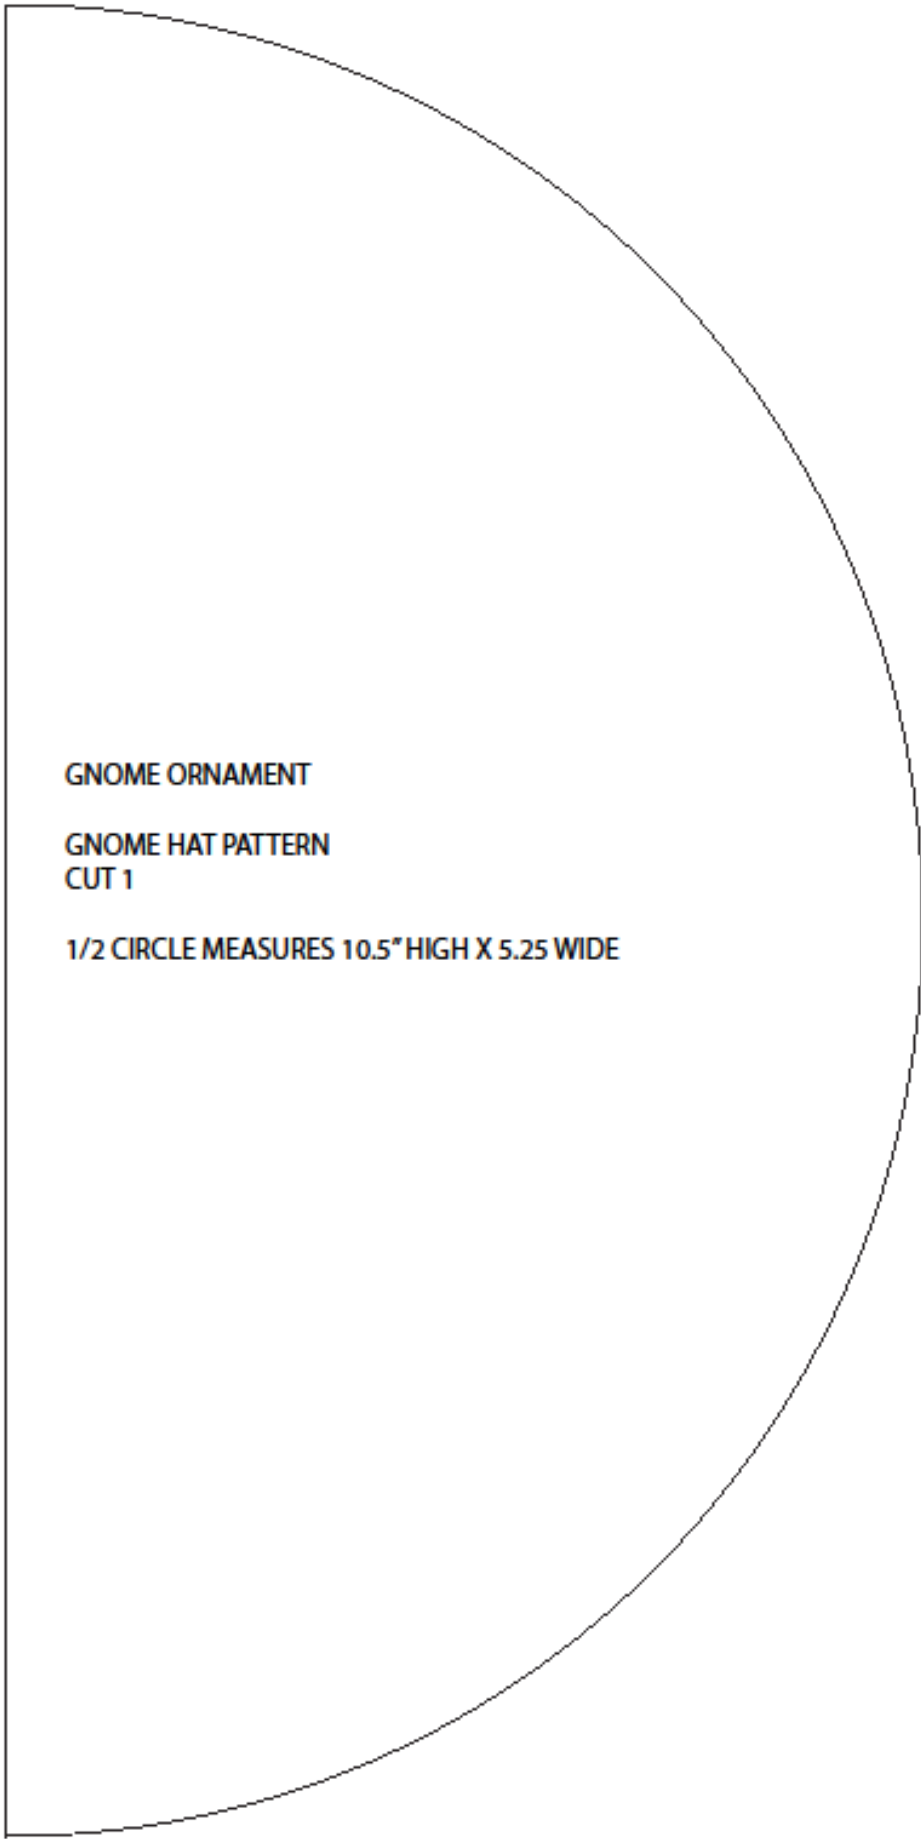

Felt
Mop strands (20)
Wooden ball
String
Glitter beads (2)
Wooden skewer
Hat template

Not included:

Hot glue gun
Glue
Marker
Scissors
Tape

1. First, Take the mop strands and fold in half tying it with a string in the middle.
2. Next, cut your hat out of the felt, then using your skewer, fold your hat, circle side down until you have the desired look. Make sure to hot glue the ends to secure the hat in place.
3. Using your skewer, tape the string (that is attached to your mop strands, that are folded in half.) on the skewer, then thread it through the hat. Make sure to double knot the end where the string meets, and then double knot the middle creating a loop to hang the gnome.
4. Next, hot glue the wooden ball on the bottom of the front fold, making sure not to use too much glue, but to secure it in place.
5. For added design, hot glue the 2 glitter dots on the hat .
6. It is optional to unravel your mop strands or first braid 3 strands of mop on either side of your gnome, then you can unravel the rest of the mop strands. You can also add decorative ribbon or whatever other personalization that you want.
7. ENJOY your Gnome Ornament or share it with a friend.
